## Education

**Bachelor of Science, Computer Science; GPA 4.0**

**Aug 2022 - May 2025**

Washington State University, Pullman, WA.

- Associate of Arts & Sciences, Bellevue College
- High School Diploma with Honors, Liberty High School

## Technical Skills

C, C#, C++, Python, JavaScript, TypeScript, Git, MongoDB, AWS, APIs

WinForms, NUnit, Node.js, Express, React.js, Next.js, Bootstrap, Tailwind, PyEDA, Flask, Django

## Selected Projects

### Spreadsheet App

**Apr 2024**

- A fully functional GUI spreadsheet application.
- Features: undo and redo, loading and saving using XML file format, equation evaluation with expression trees, robust error handling for circular references, malformed data, etc.
- Skills: C#, WinForms, NUnit testing, Git, OOP, design patterns / principles

### YelpSki

**Jul 2023**

- A full-stack web app that allows users to register, post about ski resorts, and leave reviews
- Features: interactive cluster map, full CRUD functionality, file uploading, secure authentication
- Skills: Node.js, MongoDB, Express, Bootstrap, Passport, Mapbox API

### Sorting Visualizer

**Apr 2023**

- Utilized Javascript to visualize various sorting algorithms so I could understand them better
- An array is generated and displayed on screen. Each step of the selected algorithm is visualized through color changing and moving bars. The user can adjust size of array and visualization speed. Some included algorithms: quick, merge, heap
- Skills: HTML, CSS, Javascript, sorting algorithms, recursion, time & space complexity analysis

### NASA Astronomy Picture of the Day

**Mar 2023**

- Leveraged NASA's API to implement a web application for the astronomy picture of the day
- Integrated an API key to fetch data wirelessly from NASA servers and display contents to the application using Python and Flask to encourage learning about the cosmos

## Work Experience

### Amazon DSP Delivery Driver / Deepland LLC

**Jul 2021 - Aug 2022**

- Ensured all packages on my route got delivered to a safe location in a timely manner.
- Tracked progress of team members so I could help anyone who was behind.
- Promoted to step van driver Sept. 2021.
- Skills: teamwork, communication, customer service, time management

## Volunteering & Leadership

### Vice President / Association for Computing Machinery

**Current**

- Planning and hosting weekly meetings at WSU, organizing the CrimsonCode hackathon

### CPTS 122 Teaching Assistant / Washington State University

**Fall 2023**

- Responsible for teaching a lab section and ensuring the success of all my students

### Boy Scouts of America Troop 498

**2011 - 2018**

- Led meetings, organized food donations, Adopt-A-Road, trail restoration, cleanup projects

### Washington Trails Association

**2014 - 2016**

- Construction of the new trail on Mailbox Peak, reforestation at Lake Sammamish

## Achievements & Awards

- **Eagle Scout Award** / Boy Scouts of America **2017**
- **National Honor Society** / Liberty High School **2014 - 2016**
- **Order of the Silver Marmot** / Camp Parsons, Chief Seattle Council **2016**
- **National Youth Leadership Training (NYLT)** / Boy Scouts of America **2013**
